

Breeder Details In Alphabetical Order:

### **Boromir Bull Terriers**

Deane and Heidi Holland Bull Terriers & Miniature Bull Terriers  
www.bullterrier.co.nz, email, 07 863 6827

We have been fortunate to own some wonderful Bull Terriers since purchasing our first in 1986. We've bred over 40 champions since then, but are most proud of the pets that have provided love and companionship for their families over the years.

As avid students of the breed we visit kennels and shows whenever we are overseas and continue to import bloodlines from dogs we have met with sound health and temperament. This also ensures genetic diversity among our dogs. Carefully bred pups and young adults are occasionally available.

All breeding stock is health tested before being bred from, with copies of all clearances included in our puppy packs. Lifetime backup help is provided with all pups. Visit our website for up to date information about our dogs and planned matings.

### **Bullistik**

Amber Moffitt Miniature Bull Terriers www.bullistik.com email  
021 703 725

We live just outside of Wellington. We don't have puppies often, but when we do, they are bred with conformation, health and temperament in mind. For the most up to date information about our dogs and litter notifications, check out our website.

### **Bulltanica**

Pip McVicar Bull Terriers email, 027 387 9127

We are located in Taranaki and have owned and shown Bull Terriers since 2004. We learned that they are a very special

breed of dog from the moment we got our first one 'Cloud' (Ch Boromir Stormchaser of Sleek ROM). We will be breed first and foremost for healthy puppies with sound temperament. Our first litter was born in 2016. We are thankful for the continued mentorship from both Boromir and Vortex kennels.

Lifetime backup and support will be provided with any pups sold.

### **Limelight Kennels**

Shona Darby, email 06 3294738

Breeding sound dogs with excellent temperament Suitable for both show dogs & family pets.

### **Manawatoa Kennel**

Mandy and Richard Irwin [www.manawatoabullterriers.com](http://www.manawatoabullterriers.com)  
email 07 3222119

We have been living with and owned bull terriers for at thirty years plus. They are addictive and I can honestly say that I have never been interested in owning any other breed. In 2002 with the support, tutelage and guidance of both Heidi Holland (Boromir Kennel) and Linda Flegg (Vortex Kennel), who's willingness to share their knowledge and expertise, especially in relation to the key influences/ factors on health and temperament of the breed, has meant that we have gained in knowledge and appreciation of the breed and our breeding programme has benefited immensely.

Our desire is to breed bull terriers that are excellent, quality dogs and bitches who - if they are anything like Maa and Dace, have the best personality to boot. Bullies are people dogs, they need a positive relationship with their human whanau to thrive and in that environment, you could not ask for a better companion. If you want more info please visit our website for more up to date information.

### **Pinewood Bull Terriers**

Melanie Dalton Balclutha [www.pinewoodbullterriers.weebly.com](http://www.pinewoodbullterriers.weebly.com),  
email, 03 418 2138

Where the care and love of the Bull Terrier is foremost. Our dogs are fully health tested. Certification of this is provided and we offer ongoing support to our puppy buyers. Established 1987

### **Raiden Bull Terriers**

Kathryn Joyce Bull Terriers <http://www.raidenbullterriers.org>,  
email, 03 3252 993

Raiden Bull Terriers are the result of a small and select breeding program in Canterbury, NZ.

As a foundation member of the NZKC Accredited Breeders Scheme, Raiden Bull Terriers uses only health tested clear dogs of known hereditary diseases that are sound in both conformation and temperament. With a preference for UK bloodlines and a love of the coloured variety, puppies are occasionally available for lifetime, loving homes.

### **Vortex**

Linda & Nick Flegg Bull Terriers and Miniature Bull Terriers  
[www.bullterrier.co.nz/vortex](http://www.bullterrier.co.nz/vortex) email 07 549 2263

Established in 1996 we breed sparingly with our basic principles being, health, temperament and type. Our puppies all come with copies of their parents' health clearances for the predisposed genetic problems associated with our breed, which are hereditary nephritis, polycystic kidney disease, luxating patella and congenital heart problems.

We promote a natural raw healthy diet for our dogs from birth and offer lifetime support for all of our puppy buyers. Here at Vortex we are committed to the betterment and longevity of our breed by continually expanding the gene pool. Please feel free to contact us to chat about the next member of your family.

## **Wickselme**

Steve and Caroline Ayris Miniature Bull Terriers, email 022 172 9282

Located in the Hawkes Bay, we are new to breeding Miniature Bull Terriers, but our family history with the breed stretches back several generations in the UK. All breeding stock is cleared of the hereditary problems associated with the breed.
